Moreover, he is working together in other companies as a Director position and devote their vast experience for betterment and growth of that companies.

Managing-Director Speech: -

Good afternoon, ladies and gentlemen and a very warm welcome to the 32nd Annual General Meeting of your Company. We have circulated our Annual Report for FY24 to Shareholders and it is also available on the website of our Company and on the stock exchanges. I trust that all shareholders have had the opportunity to review it. In this report, comprehensive overview of our business performance and outlined our outlook for the future.

Overview – Indian Economy and Engineering-Industry

The landscape of our industry was rife with challenges, as we faced intense competition amid adverse market conditions. However, one thing was clear. We were ready to embrace change as a constant and would continue to innovate, adapt, and grow together as a team. And over the course of the last year, we did exactly that. Our never-ending thrust for continual improvement has become our hallmark.

While our core philosophy of continuous improvement and hard work has brought us to where we are today, we are aware of the ever-evolving business landscape that requires us to rapidly adapt – something we have always been adept at. Technological advancements are breaking down barriers. Artificial intelligence is challenging human intelligence. Customer aspirations are rising. Embracing sustainability is becoming essential for survival. Hence, decision-making must now be both fast and smart.

Company's performance in FY 2023-24.

Your Company's sale volume witnessed a healthy increase in FY 2023-24 led by strong performance in Northern and Northern-Eastern India operations and as a result of all of us towards continue thinking for Company's growth as well as stakeholders' growth, the share priced going hike since last some years. The Company are plaining to introduce new idea to increase in sale or getting new orders from across the country as a result towards stakeholders' growth.

Responsibilities towards Society.

Since inception, your Company along with its group of companies viz., Chanderpur Works Pvt Ltd, Chanderpur Industries Pvt Ltd and Chanderpur Renewal Power Co. Pvt Ltd has followed the spirit of sharing growth with its stakeholders. In this direction, since last some decades, the Group has commenced hospital for giving better service to peoples surrounding its area, so that population can take maximum advantage of this initiative and Group of Companies will continue this work towards Corporate Social Responsibility "CSR".

Conclusion

I wish to place on record my sincere gratitude towards our Board Members for their constant guidance and support in our pursuit of maximizing long-term shareholder value. I would also like to thank all our stakeholders for believing in us and supporting us throughout our journey. Finally, I would like to acknowledge the passion, dedication and commitment of our employees. As I close, I would like to take this opportunity to thank you all for your continuous support and faith in the Company and its management. We shall endeavor to scale newer heights as we continue on our journey ahead.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. **INDUSTRY STRUCTURE AND DEVELOPMENTS:**

The Company is engaged in activities i.e. Engineering Services (Erection, commissioning, supervision, project drawing and designing services) and trading of fabricating material, equipment parts and other items etc., and the overall growth of the company is encouraging. The prospects of the present activities (i.e. erection, commissioning, installation and project drawing and designing work for setting up of projects related to cement, fertilizers, renewal power energy and other allied industries project) is good and encouraging. Presently, the company is engaged in providing engineering services for erection, commissioning and supervision of custom designed and engineered critical equipment and systems to the core sector industries like cement, fertilizers and renewal power energy etc. and Trading of fabricating material, machinery parts and other items. The company is already having sufficient work order for Erection and Commissioning in hand at different locations. To execute the overseas work at Nepal, the Company has established Branch Office/Permanent Establishment at Nepal, but due to vast range of competitors and lack of order in Nepal, the Company has decided in it's BOD dt 01.09.2023 to close the branch as situated in Nepal. The Company is also expecting to get better opportunities in the ensuing period from across India and on the basis of that, the management of the company is quite hopeful to achieve better results in the coming years.

2. **OPPORTUNITIES, THREATS, RISKS AND CONCERN:**

With new activities i.e. Engineering Services (Erection, commissioning, supervision, project drawing and designing services) and trading of fabricating material, equipment parts and other items etc. the overall growth of the company is good and encouraging. In the current year 2023-24, the Company has earned the total revenue from operation Rs.798.81 Lacs against the previous year's Rs. 585.18 Lacs. In the current year the performance of the company has been improved and same will further improved in the ensuing year because the Company has sufficient work order for Erection and Commissioning in hand at different locations in India, which will be executed in the ensuing financial year. All these above efforts reflect that the Management of the Company is hopeful to achieve better results in the ensuing years with its existing business activities. Because the prospects of present activities (i.e. engineering services for erection, commissioning and supervision of custom designed and engineered critical equipment and systems to the core sector industries like cement, fertilizers and renewal power energy etc. and Trading of fabricating material, machinery parts and other items) are good and encouraging due to favorable government's policy to lay greater emphasis on infrastructure development, which directly impact the growth of core sector industries like Cement, fertilizer and power etc.

3. **SEGMENT WISE OR PRODUCT-WISE PERFORMANCE:**

After implementation of Ind AS, Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker (CODM), in deciding how to allocate resources and assessing performance. The Company's Chief decision maker is the Chief Executive Officer and Managing Director. The Company has identified two business segments as reportable segments. The business segment comprise of Erection, Commissioning, Supervision and Annual Maintenance Contract etc. and Trading activities. Segment wise performance has duly been reported at SI. No. 34 of Notes to Accounts of financial statement forming part of the Annual Report.

4. **OUTLOOK:**

With new activities i.e. Engineering Services (Erection, commissioning, supervision, project drawing and designing services) and trading of fabricating material, equipment parts and other items etc., the overall growth of the company is good and encouraging. The prospects of present activities (i.e. engineering services for erection, commissioning and supervision of custom designed and engineered critical equipment and systems to the core sector industries like cement, fertilizers and renewal power energy etc. and Trading of fabricating material, machinery parts and other items) are good and encouraging due to favorable government's policy to lay greater emphasis on infrastructure development, which directly has an impact on the growth of core sector industries like Cement, fertilizer and power etc. The Company has sufficient work order for Erection and Commissioning in hand at different locations in India, which will be executed in the ensuing financial year, which gives the confidence of registering good growth in revenue during the coming years. On the basis of that, the management of the company is quite hopeful to achieve better results in the coming years. All the above factors reflect that the management is hopeful to achieve better results in the ensuing years with new business activities.

5. **INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:**

The Company has aligned its current systems of internal financial control with the requirement of Companies Act 2013. The Internal Control is intended to increase transparency and accountability in an organization's process if designing and implementing a system of internal control. The framework requires a company to identify and analyses risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness.

The Company's internal controls are commensurate with the size of the company and the nature of its business. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance of corporate policies. The company has an audit committee, the details of which are provided in the Corporate Governance Report. The audit committee reviews the internal control system and follows up on the implementation of corrective actions, if required. The committee also meets the company's statutory auditors to ascertain, interalia their views on the adequacy of internal control system in the Company and keeps the Board of Directors informed of its major observations from time to time. The management also regularly reviews the utilization of fiscal resource, compliance with law, efficiencies, so as to ensure optimum utilization of resources and achieve better efficiencies.

Based on its evaluation (as defined in section 177 of Companies Act 2013), our audit committee has concluded that, as of March 31, 2024, our internal financial controls were adequate and operating effectively.

6. **MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED:**

With new business activities, the company, in order to meet its requirement has employed 20 employees, in the year 2023-24. The company has taken efforts to set up and maintain an efficient work force. The company is taking steps towards maintaining a low attrition rate which it believes shall be achieved by investing in learning and development programs for employees, competitive compensation, creating a compelling work environment, empowering employees at all levels as well as a well-structured reward and recognition mechanism.

7. **CAUTIONARY STATEMENT:**

Statements in the management discussion and analysis may be "forward looking" statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to your Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and international markets, changes in the Government regulations, tax laws, other statutes and other incidental factors.

INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

To,

**The Members of,
Scan Projects Limited**

Report on the Audit of the Standalone Financial Statements Opinion.

We have audited the accompanying standalone financial statements of **SCAN PROJECTS LIMITED** ('the Company'), which comprise the Balance Sheet as at 31st March 2024 and the Statement of Profit and Loss (Including Other Comprehensive Income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information in which are incorporated the Returns for the year ended on that date audited by the branch auditor of the Company's branch at Nepal.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (India Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key audit matters	Auditor's Response
Revenue Recognition	Principal Audit Procedure
<p>As described in Note 2(II)(h) to the standalone financial statements regarding "Revenue from Contracts with Customers" the application of this accounting standard is complex and is an area of focus in the audit. The Revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which remaining performance obligations will be satisfied subsequent to the balance sheet date.</p>	<p>Our audit procedures on recognition of Revenue from Contracts with Customers" includes: -</p> <ul style="list-style-type: none"> ☑ Obtained an understanding if the systems, process and controls implemented by company for recording and computing revenue and the associated contract assets, unbilled and unearned deferred revenue balances; ☑ Evaluated the design and implementation of the processes and internal controls relating to implementation of the revenue accounting standard; ☑ Evaluated the detailed analysis performed by management on revenue streams by selecting samples for the existing contracts with customers and considered revenue recognition policy in the current period in respect of those revenue streams; ☑ Evaluated the changes made to IT systems to reflect the changes required in revenue recognition as per the new accounting standard; ☑ Evaluated the appropriateness of the disclosures provided under the new revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.

adoption of Ind AS 116 Leases	Principal Audit Procedure
<p>As described in Note 2(II)(k) and Note 36 to the standalone financial statements, the Company has adopted Ind AS 116 Leases in the current year. The application and transition to this accounting standard is complex and is an area of focus in our audit since the Company has some lease with differed contractual terms</p> <p>Ind AS 116 introduces a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract/arrangement. Adoption of the standard involves significant judgements and estimates including, determination of the discount rates and the lease term.</p>	<ul style="list-style-type: none"> ☑ Involved our expertise to evaluate the reasonableness of the discount rates applied in determining the lease liabilities; ☑ Upon transition: <ul style="list-style-type: none"> -Evaluated the method of transition and related adjustments; -Tested completeness of the lease data by reconciling the Company's operating lease commitments to data used in computing ROU asset and the lease liabilities. ☑ On a statistical sample, we performed the following procedures: <ul style="list-style-type: none"> -assessed the key terms and conditions of each lease with the underlying lease contract; and -evaluated computation of lease liabilities and challenged the key estimates such as, discount rates and the lease term. ☑ Assessed and tested the presentation and disclosures relating to Ind AS 116 including, disclosures relating to transition.

Information Other than the standalone financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis, Corporate Governance Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, Cash Flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (India Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management of the Company is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a

guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ☑ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ☑ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference of financial statement in place and the operating effectiveness of such controls.
- ☑ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ☑ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ☑ Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ☑ Materiality is the magnitude of misstatement in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements/information of the Nepal Branch, whose operations were discontinued during the year. The financial statements of this branch are included in the standalone financial statements of the Company and reflect total assets of Rs. NIL as at 31st March 2024, and total revenue and expenses of Rs. NIL and Rs.8936091.00, respectively, for the year ended on that

date. The Financial information for the Nepal Branch has been audited by the branch's auditor, whose reports have been furnished to us, and our opinion insofar as it relates to the amounts and disclosures included in respect of the Nepal branch, is based solely on the report of such branch auditor. Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from Nepal Branch not visited by us;
 - (d) The reports on the accounts of the Nepal branch office of the Company audited under Section 143(8) of the Act by branch auditor have been sent to us and have been properly dealt by us in preparing this report;
 - (e) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Change in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account and with the returns received from Nepal branch not visited by us;
 - (f) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (g) On the basis of the written representations received from the Directors as on March 31, 2024, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2024 from being appointed as a Director in terms of Section 164 (2) of the Act;
 - (h) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure "B";
 - (i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its director during the year is in accordance with the provisions of section 197 of the Act.
 - (j) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company does not have any pending litigations which would impact its financial statement as of March 31, 2024.
 - ii) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
 - iii) There were no amounts which required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv) a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or

otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like from or on behalf of the Ultimate beneficiaries; and

- c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v) Based on our examination which included test checks, the company has used accounting software for maintaining its books of account, which have the feature of recording audit trail (edit log) facility, however the same has not operated throughout the year for all relevant transactions recorded in the respective software but only from June 1, 2024 to March 31, 2024. Further, June 1, 2024 to March 31, 2024 where audit trail (edit log) facility was enabled, we did not come across any instance of audit trail feature being tampered with during the course of our audit.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 01, 2024, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

- vi) The Company has neither declared nor paid any dividend during the year.

Freehold Land measuring 13.5M	1081000.00	M/s Scan Projects Limited	Nov 11, 2011	The property held in the name of the Company. Company sold the said land to Sh. Kuldeep Kumar by executing a sale agreement on Oct 14, 2020 but the transfer deed could not executed due to certain restrictions on the transfer by the Revenue Authority in this area or other technical issues. The transfer will only be completed after these issues are resolved with the Revenue Authorities in future.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued any of its Property, Plant and Equipment (including Right-of-use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us that no proceedings have been initiated during the year or are pending against the company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (4 of 1988) and rules made thereunder. Therefore, the provisions of the clause 3(i)(e) of the Order are not applicable to the Company.
- (ii) (a) As explained to us that, the Company is engaged in business activities i.e. Erection, commissioning & supervision services and trading of fabricating material, electrical components, machinery parts and other items etc and holds stock of consumable stores & spares and finished/traded goods, which have been physically verified during the year by the management at reasonable intervals and no material discrepancies (i.e. 10% or more in aggregate for each class of inventory) were noticed on physical verification.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned working capital limits (Fund based and Non fund based) in excess of five crore rupees, in aggregate, at any points of time during the year, from banks on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnership or any other parties during the year.
- a) According to the information and explanations given to us, the Company has not granted loan or advances in the nature of loan or provided guarantee or provided security to other entity (i.e. Subsidiaries, joint ventures, associates and other parties) during the year, and hence reporting under clause 3(iii)(a) of the order is not applicable.
- b) In our opinion, the investment made and the terms and conditions of the grant of all loans, advances in the nature of loans, guarantees provided and security given are, prima facie, not prejudicial to the Company’s interest.
- c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of

- interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation.
- d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
 - e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
 - f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) of the order is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities. The Company has not granted any loans, making investments, providing any guarantees or security to the parties covered under Sections 185 and 186 of the Companies Act, 2013.
 - (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and Rules framed there under to the extent notified during the year. Therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
 - (vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services/business activities provided by it. Accordingly, clause 3(vi) of the Order is not applicable.
 - (vii)
 - (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues, including Goods and Services Tax, Provident Fund, Employees' State Insurance Fund, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value added tax, Cess and any other statutory dues as applicable to it with the appropriate authorities.
 - (b) According to information and explanations given to us, no undisputed amounts payable in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance Fund, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value added tax, Cess and any other statutory dues applicable to it, were in arrears as at 31st March, 2024,
 - (viii) According to the information and explanation given to us, that the company has not surrendered or disclosed any amount as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961), which are unrecorded in the books of account of the company. Therefore, the provisions of the clause 3 (viii) of the Order are not applicable to the Company.
 - (ix)
 - (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender (i.e. Banks, Financial Institution, Non Banking Financial Institution/Companies or government/state government etc.)
 - (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - (c) In our opinion and according to the information and explanations given to us, the company has not obtained any term loans during the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable. However, in respect of old term loans the same have been applied for the purposes for which they were obtained.
 - (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
 - (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures. Accordingly, clause 3(ix)(e) of the Order is not applicable.
 - (f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, clause 3(ix)(f) of the Order is not applicable.
 - (x)
 - (a) The company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the order is not applicable.
 - (b) During the year, the company has not raised money by way of preferential allotment or private placement of shares or convertible debenture (fully, partially or optionally convertible and hence reporting under clause 3(x)(b) of the order is not applicable.

- (xi) (a) According to the information and explanations given to us, no material fraud by the Company or any fraud on the Company has been noticed or reported during the year.
 (b) According to the information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.
 (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year and upto the date of this report.
- (xii) According to the information and explanations given to us, the Company is not a nidhi company. Accordingly, clause 3 (xii) of the Order is not applicable.
- (xiii) According to the information and explanation given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statement as required by the applicable accounting standards.
- (xiv) (a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
 (b) We are unable of obtain any internal audit reports of the company, hence the internal audit reports have not been considered by us in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion and according to the information and explanations given to us, the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the company.
- (xvi) (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
 (b) According to the information and explanations provided to us during the course of audit, the group does not have any core investment company (CIC) (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the order is not applicable.
- (xvii) In our opinion and according to the information and explanations given to us that the company has not incurred any cash losses during the current financial year and in the immediately preceding financial year.
- (xviii) There has been resignation of the statutory auditors during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) (a) As per the information and explanation given to us, there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of section 135 of the said Act. ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SCAN PROJECTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Scan Projects Limited**, (“the Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion considering nature of business, size of operation and organizational structure of the entity, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

In our opinion considering nature of business, size of operation and organizational structure of the entity, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. In so far as it relates to branch office Nepal is based on the corresponding report by the branch auditor of the Company's branch at Nepal.

SCAN PROJECTS LIMITED, YAMUNANAGAR
NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR
ENDED 31ST MARCH 2024

- [1] **CORPORATE INFORMATION**
Scan Projects Limited ('the Company') is a Public limited company incorporated in India in the year 1992 having its registered office at Village Jorian, Delhi Road, Yamunanagar - 135001 (Haryana). The Company is engaged in Engineering Services (i.e. Erection, commissioning and supervision services) and trading of fabricating material, equipment parts and other items etc. The equity shares of the Company are listed on Bombay Stock Exchange [BSE].
- [2] **BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**
- I**
- Basis of Preparation of Financial Statement**
- Statement of Compliance**
- a) The Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 ("the Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and as amended, along with the presentation and disclosure requirements of Division II of Schedule III and other relevant provisions of the Companies Act, 2013, and guidelines issued by the Securities and Exchange Board of India (SEBI). The Company has consistently applied accounting policies to all periods.
- Accordingly, the Company has prepared these standalone financial statements which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flow and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information.
- b) **Basis of Preparation of Financial Statement**
- i) The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on accrual basis, except for certain financial assets and liabilities measured at fair value at the end of each reporting period.
- The financial statements are approved for issue by the Company's Board of Directors on May 28, 2024
- ii) **Functional and Presentation currency**
These financial statements are presented in Indian Rupees (INR) which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.
- iii) Historical cost is generally based on the fair value of the consideration given in exchange for goods and services at the time of their acquisition. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the company uses observable market data as far as possible. Fair values are categorized into different levels in a Fair Value hierarchy based on the inputs used in the valuation techniques as follows:
- Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2:** Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3:** Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).
- If the inputs used to measure the Fair Value of an asset or a liability fall into different levels of the Fair Value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the Fair Value hierarchy as the lowest level input that is significant to the entire measurement.
- iv) **Current and Non-current classification**
The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:
- ☑ Expected to be realized or intended to be sold or consumed in normal operating cycle.
 - ☑ Held primarily for the purpose of trading.
 - ☑ Expected to be realized within twelve months after the reporting period, or
 - ☑ Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.
- A liability is current when:
- ☑ It is expected to be settled in normal operating cycle
 - ☑ It is held primarily for the purpose of trading.
 - ☑ It is due to be settled within twelve months after the reporting period, or
 - ☑ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- The Company classifies all other liabilities as non-current.
- Deferred tax assets and liabilities are classified as non-current assets and liabilities.

- Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of assets and liabilities.
- c) The accounts of Foreign Branch/Permanent Establishment for execution of Job contracted have been prepared in compliance with the local laws and applicable accounting standards and the same are duly incorporated in the standalone financial Statement of the company as if the transactions of the foreign Branch operation have been those of the Company itself. In cases where the financial year of foreign operation of Branch/Permanent Establishment is different from that of the Company, the financial statements of the said foreign branch operations have been drawn up so as to be aligned with the financial year of the company.
- d) **New and amended standards adopted by the Company**
 Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2024, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2024, applicable from April 1, 2024, as below:
-Ind AS 101 – First time adoption of Ind AS Deferred tax assets and deferred tax liabilities to be recognized for all temporary differences associated with right-of-use assets, lease liabilities, decommissioning / restoration / similar liabilities.
-Ind AS 1 – Presentation of Financial Statements & Ind AS 34 – Interim Financial Reporting – Material accounting policy information (including focus on how an entity applied the requirements of Ind AS) shall be disclosed instead of significant accounting policies as part of financial statements.
-Ind AS 8 – Accounting policies, changes in accounting estimate and errors – Clarification on what constitutes an accounting estimate provided.
-Ind AS 12 – Income Taxes – In case of a transaction which give rise to equal taxable and deductible temporary differences, the initial recognition exemption from deferred tax is no longer applicable and deferred tax liability & deferred tax asset shall be recognized on gross basis for such cases.
-Ind AS 107 – Financial Instruments: Disclosures – Information about the measurement basis for financial instruments shall be disclosed as part of material accounting policy information.
 None of the above amendments had any material effect on the company’s financial statements. However, where they do impact the financial statements, such impact has been duly taken into consideration for the current and transition reporting period.
- e) **Use of Estimates and Judgement**
 The preparation of financial statements in accordance with the recognition and measurement principles of Ind AS requires management of the Company to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amount of income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are known or materialised.
 The significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements is included in the following notes:
Useful lives of property, plant and equipment: The Company is calculated depreciation on property, plant and equipments on a written down value method. The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment as prescribed under Schedule II of the Companies Act, 2013. The lives are based of historical experience with similar assets as well as anticipation of future events, which may impact their live, such as change in technology. This reassessment may result in change in depreciation expenses in future periods.
Recognition of deferred tax assets and liabilities: Deferred tax assets and liabilities are recognised for deductible temporary differences. The Company uses judgement to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits and business development.
Defined Benefit plans: The liabilities and costs for defined benefit pension plans and other post-employment benefits are determined using actuarial valuations. The actuarial valuation involves making assumptions relating to discount rates, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.
Allowance for bad debts/Excepted credit loss: The Company makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as per the provision matrix.
Inventories: Inventories are stated at the lower of cost and net realizable value. In estimating the net realizable value of inventories, the Company makes an estimate of future selling prices and costs necessary to make the sale.
Provisions and contingent liabilities: A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the

obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Leases: Ind AS 116 Leases requires a lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying lease to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. The discount rate is based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics. provision is recognised when the Company has a present obligation as a result

Impairment of investment: The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

II SIGNIFICANT ACCOUNTING POLICES

a) Property, Plant and Equipment:

Property, plant and equipment (other than freehold land) are stated at cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of an item of Property, Plant and Equipment comprises:

- a) its purchase price, including import duties and non-refundable taxes (i.e. Excise Duty/Value added taxes/Goods and Service Tax, if any), after deducting trade discounts and rebates
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.
- d) any subsequent expenditure for replacement/repair and maintenance is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. Otherwise the same are recognised as expenditure in the statement of profit and loss when they are incurred.

Expenses directly related to the construction or acquisition of the fixed assets have been capitalized and added to the particular assets. Pre-operative expenses incurred till the date of capitalization have been apportioned on pro-rata basis. Items of fixed assets that are not yet ready for their intended use as at the balance sheet date and other pre-operative expenses to the extent not apportioned are shown under the head "Capital work in progress".

If significant parts of an item of Property, Plant and Equipment have different useful lives, then they are accounted for as separate items (major components) of Property, Plant and Equipment and depreciated accordingly.

Any Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset on the date of disposal and are recognised in the statement of profit and loss when the asset is derecognised.

Depreciation/Amortization:

In respect of fixed assets (other than freehold land and capital work-in-progress) is calculated on written down value method ('WDV') based on useful lives and residual values estimated by the management in accordance with Schedule II of the Companies Act, 2013. Depreciation in respect of addition/deduction to fixed assets during the year has been charged on pro-rata basis.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

The estimated residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed and adjusted, if appropriate, at the end of each reporting period.

b) Inventories

Inventories are measured at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including freight and other levies, transit insurance and receiving charges. The cost of inventories is determined using the First-in-First out basis. Work-in-progress and finished goods include appropriate proportion of overheads based on the normal operating capacity, wherever applicable. Cost of finished goods further includes other costs incurred in bringing the inventories to their present location and condition. Cost of stock-in-trade includes cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price for inventories in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make

the sale. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be used are expected to be sold at or above cost.

c) **Trade Receivables**

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects Company's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at transaction price. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortized cost net of any expected credit losses. Loss allowance on trade receivables is measured at an amount equal to life time expected losses.

d) **Cash and Cash Equivalents**

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the Statement of Cash Flows, Cash and Cash Equivalents includes balance with banks and demand deposits with banks with original maturities of three months or less and other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

e) **Financial Instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than Financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

i) **Financial assets**

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as 'Financial assets measured at amortized cost'. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Subsequent measurement

After initial recognition, financial assets are measured at fair value (either through other comprehensive income or through Profit and Loss), or amortized cost.

Debt Instruments

Debt instruments are subsequently measured at amortized cost, fair value through other comprehensive income ('FVTOCI') or fair value through Profit and Loss ('FVTPL') till de-recognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

There are three measurement categories into which the Company classifies its debt instruments.

a) Debt instruments at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest [SPPI] are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognised in the Statement of Profit and Loss when the asset is de-recognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

b) Debt instruments at Fair value through other comprehensive income (FVTOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss. When the financial asset is de-recognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

c) Debt instruments at Fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortized cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in the Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is recognised in the Statement of Profit and Loss.

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held

for trading are classified as at FVTPL.

For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Investment in equity shares, compulsorily convertible debentures and compulsory convertible preference shares of subsidiaries, associates and jointly controlled entities have been measured at cost less impairment allowance, if any.

De-recognition of financial assets

A financial asset is derecognized only when:

- ☐ the Company has transferred the rights to receive cash flows from the financial asset or
- ☐ retains the contractual rights to receive the cash flows from the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Impairment of financial assets

The Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- ☐ Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, deposits, and bank balance.
- ☐ Trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Income recognition (Interest income)

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

- ii) **Financial liabilities**
- iii)

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at FVTPL, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held- for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of Profit and Loss. Any gain or loss on de-recognition is also recognized in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are off-set and the net amount is reported in the Balance Sheet where there is

a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts to hedge its foreign currency risks, interest rate risks and commodity price risks respectively. Such derivative financial instruments are initially recognised at Fair Value on the date on which a derivative contract is entered into and are subsequently re-measured at Fair Value. Derivatives are carried as financial assets when the Fair Value is positive and as financial liabilities when the Fair Value is negative.

f) **Equity Instruments**

g)

An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

h) **Borrowings Cost**

i)

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

The Company determines the amount of borrowing costs eligible for capitalization as the actual borrowing costs incurred on that borrowing during the year less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that a company borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalization are determined by applying a capitalization rate to the expenditures on that asset.

Borrowing cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

j) **Revenue Recognition**

k)

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory risks.

Goods and Services Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Sale of Goods

Revenue from sale of products is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the products. Invoices are payable within contractually agreed credit period.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of products, the Company considers the effects of variable consideration (if any).

Revenue from sale of products is stated exclusive of Goods and Services Tax (GST). Revenues are net of sales returns, discounts, provision for anticipated returns on expiry, made on the basis of management expectations.

Rendering of Services

Service income is recognised according to the terms of the contracts or arrangements when the related services are performed, and it is stated net of GST. Revenue from fixed price erection, commissioning and supervision services, where the Company is ready to provide services, is recognized on a time-elapsed basis and is straight-lined over the period of performance. For other contracts, revenue is recognized using percentage-of-completion ('POC') method of accounting, with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling obligations.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract

assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms. Unearned and deferred revenue (“contract liability”) is recognized when there is a billing in excess of revenues.

Dividend and Interest Income

Dividend income from investments is recognised when the shareholder’s right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

l) **Employees Benefits**

Employee benefits include salaries, wages, contribution to provident fund & employee state insurance fund, leave encashment towards un-availed leave, gratuity, compensated absences and other terminal benefits.

Defined Contribution Scheme

Retirement benefits in the form of provident fund and employee state insurance are defined contribution schemes. The Company has no obligation other than the contribution payable to the funds and the contribution payable to fund is recognised as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plans

Defined benefit plans comprising of gratuity and other terminal benefits, are recognized based on the present value of defined benefit obligations which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Short term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

Terminal benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary retirement scheme in exchange for these benefits. Expenditure on Voluntary Retirement Scheme (VRS) is charged to the Statement of Profit and Loss when incurred.

m) **Income Tax**

Income tax expense comprises current and deferred tax. Tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or in equity. In such cases, the tax is also recognised in the other comprehensive income or in equity. The provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under the Income tax Act, 1961.

Current Tax

The current income tax charge is calculated based on the Indian Tax Laws enacted or substantively enacted at the end of the reporting period. The provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under the Income tax Act, 1961. Current tax assets and current tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred Tax

Deferred tax is recognised using the liability method, on temporary differences at the reporting date arising between the tax bases of assets and liabilities and their carrying amounts for the financial reporting purpose at the reporting date.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forward

and unused tax credits could be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered. Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

n) **Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases. The Company recognises lease liabilities to make lease payments and Right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises Right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of Right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the period of the lease term. The Right-of-use assets are also subject to impairment.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Company's lease liabilities are presented within the Balance Sheet under Financial Liabilities (Refer Note 36).

Short-term leases

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of twelve months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognized as expenses.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

o) **Government Grants and Subsidies**

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the years in which the Company recognises as expenses the related costs for which the grants are intended to compensate or when performance obligations are met.

Government grants, whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets and nonmonetary grants are recognised and disclosed as 'deferred income' under non-current liability in the Balance Sheet and transferred to the Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

- p) **Trade and Other Payables**
These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid at the period end. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their Fair Value and subsequently measured at amortised cost using the effective interest method.
- q) **Provisions and contingent liabilities**
Provisions
Provisions are recognized when there is a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.
Contingent liabilities
Contingent liabilities are disclosed in the Notes to the standalone financial statements. They are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made.
- r) **Earning per shares**
Basic earnings per share is calculated by dividing the net profit after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares and sub-division of share, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

- s) **Foreign currency translation**
Functional and presentation currency
 Items included in the standalone financial statements are measured using the currency of the primary economic environment in which the Company operates (“the functional currency”). The standalone financial statements are presented in Indian Rupees (INR), which is Company’s functional and presentation currency.
Transaction and balances
 Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions, as well as from the translation of monetary assets and liabilities denominated in foreign currencies at year-end exchange rates, are generally recognized in the Statement of Profit and Loss.
 Non-monetary items that are measured at historical cost in foreign currency are not retranslated. All non-monetary items denominated in foreign currency are carried at historical cost or a similar valuation and are reported using the exchange rate that existed when the values were determined.
 In respect of Branch/Permanent Establishment for execution of Job contracted, which are integral foreign operations, the same are translated as if the transactions of the foreign operation have been those of the Company itself. For non-integral foreign operation, the assets and liabilities are translated at the rates prevailing at the end of the year. Income and expenses items of the non-integral foreign operation are translated at the average rate prevailing during the year. Any exchange difference arising on consolidation is recognized in the “Foreign Currency Translation Reserve” until the disposal of the operations.
- t) **Segment Reporting**
 Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating decision-maker. The Chief Operating decision-maker is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions. Refer Note 33 for segment information presented.
- u) **Exceptional items**
 When items of income or expense are of such nature, size and incidence that their disclosure is necessary to explain the performance of the Company for the year, the company makes a disclosure of the nature and amount of such items separately under the head “exceptional items.”
- v) **Statement of Cash Flow**
 Cash flows are reported using the Indirect Method, as set out in Ind AS 7 ‘Statement of Cash Flow’, whereby profit for the year is adjusted for the effects of transaction of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

12 LEASES LIABILITIES

i) Previously, the company entered into leases with terms of 12 months or less and leases of low value. Accordingly, the company applies the "short-term lease" exemptions for those leases and recognized the lease payments as expenses on a straight-line basis over the lease term.

However, in current financial year, the company has entered into a long-term lease agreement for 15 years. As per Ind AS 116 "Leases", the lease liabilities and carrying value of Right of use (ROU) assets are measured at the present value of the total lease term payments, discounted at the Company's incremental borrowing rate at the commencement of lease term, i.e. April 1, 2024. Accordingly, the company has recorded the ROU assets and lease liabilities using the discounting values as of April 1, 2024.

ii) The Company also has certain leases with lease terms of 12 months or less and leases of low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

[21] EMPLOYEE DEFINED BENEFIT AND CONTRIBUTION PLANS**a) Defined Benefit Plans**

Gratuity: In accordance with the applicable laws, the Company provides for gratuity, a defined benefit retirement plan ("The Gratuity Plan") for eligible employees. The Gratuity Plan provides a lump sum payment to vested employees upon retirement (subject to completion of five or more years of continuous employment), death, incapacitation or termination of employment. The payment amount is based on employee's last drawn salary and tenure of service. Previously, the company calculated accruing gratuity liability based on the assumption that such benefits would be payable to all employees at the end of the accounting year, subject to annual review. However, the company now recognizes liabilities related to the Gratuity Plan on an actuarial valuation on the reporting date. Currently, the company's Gratuity Plan is not funded by any qualified assets. The disclosure in respect of the defined Gratuity Plan is given below:

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognized in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

vii) **The major categories of plan asset are as follows:**a) **Funding arrangements and Funding policy**

The Company has no plan to fund its Gratuity Benefit Plan, and as such, these benefits remain unfunded. Therefore, the Gratuity Benefit payments are made

b) **Defined Contribution Scheme:**

All eligible employees of the company are entitled to receive benefit under provident fund and employee state insurance fund, a defined contribution plan in which both the employee and employer (at a determined rate) contribute monthly. The Company as specified under the law and has no obligation other than the contribution payable to the funds are recognised as an expenses, when an employee renders the related services. The Company contribute the following fund under defined contribution scheme:

Total Rs.	126039.00	114948.00

- c) **Compensated Absences (Leave with Wages):** Regarding accumulating compensated absences, the company does not have an unconditional right to defer their settlement for more than twelve months after the end of the annual reporting period in which the employees render the related services. Therefore, the entire leave is presented as a current liability in the balance sheet, and expenses are recognized in the statement of Profit and Loss account. The company has recognized Rs.66902.00 (March 31, 2024 Rs.80304.00) as expenses towards earned leave with wages during the year.

[22] **LEASES**

- i) The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all the assets that have a lease term of twelve months or less, and leases for which the underlying assets is of low value. The lease payments associated with these leases are recognized as expenses on a straight-line basis over the lease term.
- ii) Previously, the company entered into leases with terms of 12 months or less and leases of low value. Accordingly, the company applies the "short-term lease" exemptions for those leases and recognized the lease payments as expenses on a straight-line basis over the lease term. However, in current financial year, the company has entered into a long-term lease agreement for 15 years. As per Ind AS 116 "Leases", the lease liabilities and carrying value of Right of use (ROU) assets are measured at the present value of the total lease term payments, discounted at the Company's incremental borrowing rate at the commencement of lease term, i.e. April 1, 2024. Accordingly, the company has recorded the ROU assets and lease liabilities using the discounting values as of April 1, 2024.
- iii) Under Ind As 116, the nature of expenses in respect of operating leases has changed from "Lease rent" to "depreciation cost" and "finance cost" for the right-of-use assets and for interest accrued on lease liability respectively.
- iv) The weighted average lessee's incremental borrowing rate applied to the lease liabilities is 10% p.a.

[24] **FINANCIAL RISK MANAGEMENT**

The company's activity exposes itself to variety of financial risk which includes market risk, credit risk, liquidity risk and interest rate risk. The Company has various financial assets such as deposits, trade receivables and cash and cash equivalent directly related to its business operations. The principal financial liabilities of the company consist of borrowings and trade payables. The senior management of the company focuses on anticipating unpredictability and minimizing potential adverse effects on the company's financial performance. The Company's overall risk management procedures to mitigate the potential adverse effects of financial market on the Company's performance are as follows:

a) **Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. The Company's exposure to market risk is primarily on account of interest risk, foreign currency risk and Commodity price risk.

i) **Interest rate risk management:**

The Company is exposed to interest rate risk due to borrowings funds at both fixed and floating interest rates. This risk is managed by maintaining an appropriate mix between fixed and floating rate borrowings.

Interest rate sensitivity analysis

The sensitivity analysis below is based on the exposure to interest rates at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for entire year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel, representing management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the Company's Profit for the year ended March 31, 2024 would decrease/increase by Rs.750.00 (for the year ended March 31, 2024: decrease/increase by Rs.3750.00). This change is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

ii) **Foreign Currency exchange rate risk**

Fluctuation in foreign currency exchange rates may potentially impact the statement of profit and loss, other comprehensive income and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in other currency against the functional currencies of the Company.

The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities at its Nepal Branch. However, the currency of Nepal is not volatile nature; hence, the risk of fluctuation is negligible. In the current year, the operations of Nepal Branch have been discontinued and there were no outstanding amounts at the end of the reporting period.

iii) **Commodity Price Risk**

The Company is exposed to the risk of changes in commodity prices, particularly related to its purchase of traded goods. The Company develops periodic financial forecasts based on commodity price forecasts by its procurement group and appropriate actions including changes in selling price and cost saving measures are considered as part of the financial modeling to mitigate the impact of commodity price changes.

A 1% increase in commodity prices would have led to approximately Rs.610213.00 additional loss in the Statement of Profit and Loss (2022-23: Rs.389488.00 loss). Conversely, a 1% decrease in commodity prices would have had an equal but opposite effect.

a) **Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty fails to meet its contractual obligations. The Company is exposed to credit risk from its operating activities (particularly trade receivables). To manage this risk, the Company consistently monitors the financial health of its customers, ensuring that sales proceeds are realized according to milestone payment terms to minimize losses from defaults or customer insolvency. Progressive liquidity management practices are employed to mitigate the risk of non-fulfillment of liabilities to various creditors, statutory obligations and stakeholders.

Trade Receivables

The Company's exposure to trade receivables is limited due to diversified customer base. The Company consistently monitors progress under its contracts with customers and sales proceeds are being realised as per the milestone payment terms agreed to minimise the loss due to defaults or insolvency of the customer. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

In determining the allowance for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as per the provision matrix.

Allowance for expected credit loss is based on lifetime expected credit loss method as specified under simplified approach as per Ind AS 109.

The movement in allowance for doubtful debts as per expected credit loss (ECL) model is as under

	March 31, 2024	March 31, 2024
Balance as at the beginning of the year	2382839.00	2413574.00
Allowance for doubtful debts (Expected Credit Loss allowance) during the year	524421.00	(30735.00)
Balance as at the end of the year	2907260.00	2382839.00

The management believes that no further provision is necessary in respect of trade receivables based on historical trends of these customers. Further, the Company's exposure to customers is diversified and no single customer has significant contribution to trade receivables balances.

Financial assets other than trade receivables are not exposed to any material credit risk.

b) **Liquidity Risk**

Liquidity risk is the risk that company may be unable to meet its financial obligations as they become due. The Liquidity risk arises from the possibility that the Company may need to pay its liabilities earlier than anticipated or may encounters difficulties in raising funds to fulfill commitments associated with financial liabilities as they mature. The Company's approach to managing liquidity is focused on ensuring that it always maintains sufficient liquidity to meet its liabilities as they come due. This is achieved by maintaining adequate cash and bank balance and ensuring the availability of funding through committed credit facilities.
